EDUCATION

Software Engineering Student
Injibara University
4th Year | 2023 - Present
CGPA: 3.9

SKILLS

Frontend
Next.js, React, TypeScript, JavaScript, Tailwind CSS, HTML / CSS, Responsive UI, i18n (Am/En)

Backend
Node.js, Express, Python, Flask, REST APIs, GraphQL, JWT Auth, Socket.io

Databases
PostgreSQL, MongoDB, MySQL, Redis, Prisma

DevOps & Cloud
Git & GitHub, GitHub Actions, Docker, Vercel, Linux

Tools & Design
Figma, VS Code, Postman, Design systems

STRENGTHS

- Problem solving
- Team collaboration
- Client communication
- Ownership
- Continuous learning

Dawit Tsigie

SOFTWARE ENGINEERING STUDENT

INTERNSHIP

I am writing to express my strong interest in the Software Engineering Internship. As a fourth-year Software Engineering student at Injibara University with a CGPA of 3.9, I am eager to apply my academic foundation to practical, real-world software projects while learning from experienced developers in a professional environment.

My primary focus lies in web and mobile application development. Through my coursework and personal projects, I have developed practical skills in building responsive user interfaces, designing RESTful APIs, and working with database-driven applications. My technical toolkit includes React, Node.js, Express, TypeScript, JavaScript, and SQL.

I am highly motivated to keep learning, adapt to professional development practices, and incorporate feedback to continuously improve the quality of my work. I would welcome the opportunity to support a development team while gaining hands-on experience with production-level workflows. I bring curiosity, dedication, and a strong work ethic to every team I join.

SELECTED PROJECTS

Employee Management System
Full-stack system to manage employee records, departments, roles and attendance.
React · Node.js · Express · MongoDB

Hospital Management System
Web platform for patient registration, appointments, doctors and hospital records.
React · Node.js · Express · MongoDB

Student Portal System
Student portal for courses, grades and announcements with secure login.
Next.js · Node.js · PostgreSQL · JWT Auth

Animal Health Website
Informational website for animal health services, care tips and veterinary contacts.
Next.js · Tailwind CSS · Responsive UI

YouTube Clone
Responsive video-streaming interface with search, video player and recommendations.
React · JavaScript · Tailwind CSS

Netflix Clone
Movie browsing interface with categories, trailers and a responsive layout.
React · JavaScript · CSS

Apple Website
Responsive clone of Apple's product website with a clean, modern layout.
HTML · CSS · JavaScript
